## Principal's Message for June

I would like to start off with a message of gratitude towards staff, parents, and students for their trust as Mrs. Stapleton and I led them through a challenging year of school. It is our hope that the startup for school in the Fall of 2021 will be normal. At school we have been busy planning for the Fall by arranging classes, placing students into grades, and purchasing resources. Like the end of most school years some staff will be leaving for family leave, retirement, and or new challenges. This is a normal part of school life. As we go into the summer, please let your neighbors know about our great school. Our registration numbers are lower than expected especially at the kindergarten which could mean changes in staffing at school. It is important to register now rather than later as we plan for the Fall.
